

## **SCANWELL 19M**

LARGE-SCALE TECHNOLOGY IN A  
LOW-EMISSION SYSTEM

## FEATURES

# BUILT FOR PURPOSE

A true multi-role vessel, developed to meet the demands of shallow water survey work, dive support and general workboat operations.

The low wash waterplane hull form has been developed in response to the demand from operators for a Semi-modular catamaran hull form to offer a large stable platform.

In combination with next-generation hybrid technologies the vessel offers low fuel burn, low emissions and silent operations.

SPECIFICATION 19m SCANWELL

LOA 19.74m

BOA 5.78m

Draft 1.22m

Twin Motor 320kW (400kW Peak)

Propulsion BAE Hybrid Propulsion

## ABOUT

# CHARTWELL MARINE

Chartwell Marine is a pioneer in next-generation vessel design. A reputed naval architect with an industry-leading track record designing award-winning high-speed vessels, Chartwell Marine supports ambitious boat builders and vessel operators around the world with specialist, independent design and consultancy services.
