

CHARTWELL MARINE

CHARTWELL HARBOUR CRAFT

ZERO-EMISSIONS FUNCTIONALITY

FEATURES

BUILT FOR PURPOSE

The Chartwell full electric harbour craft has been developed for operational flexibility, with a large cargo deck capacity combined with a comfortable cabin for up to 12 passengers.

The low wash waterplane hull form has been developed in response to the demand from operators for a Semi-modular catamaran hull form to offer a large stable platform with minimal impact to the surroundings.

The large battery capacity allows fully electric operations for a 60nm range, providing silent and zero emissions operations to revolutionise working harbour environments.

LOA	22.0 m
BOA	6.85m
PASSENGERS	12
CREW BERTHS	4
SPEED	13 kts Max 8 kts Service
AFT DECK CAPACITY	25 T
BATTERY BANK	1.55MW
RANGE	60nm at Service Speed

ABOUT

CHARTWELL MARINE

Chartwell Marine is a trusted pioneer in next-generation vessel design. A reputed naval architect with an industry-leading track record designing award-winning high-speed vessels, Chartwell Marine supports ambitious boat builders and vessel operators around the world with specialist, independent design and consultancy services.
